NEWS OF THE WORLD.

The Funeral of Glove Fights in New York.

CALIFORNIA'S WINE PROSPECTS

A Speech from Vice-President Hendricks—The Future of Washington Territory.

[*Special to the Herald by Associated Press.*]

NEW YORK, Nov. 24.—The much talked of boxing match between Charles Mitchell and Jack Burke, who were to have fought eight rounds under Marquis of Queensbury rules at Madison Square Garden to-night, turned out a fiasco. About five hundred spectators and fifty reporters went to see the great exhibition at "sparring for points." Among the five hundred were the police captains of the various precincts of the city, who had been specially ordered to be present. One sport remarked, "This is the funeral of glove fights in New York." At 10 o'clock Mitchell and Burke appeared on the stage, accompanied by Billy Madden. Bob Smith announced that, "In consequence of the interest taken in the match by the District Attorney and the police, and from a desire that all present should be able to get home in time to drown their sorrows, Messrs. Mitchell and Burke would give a quarter exhibition of sparring, in three rounds, according to the latest rules of the Peace Society."

The men were dressed in plain white tights and drawers. When time was called they advanced towards each other and offered the right hand of good fellowship and then drew back to admire each other. They "chucked" each other under the chin and smoothed one another's cheeks in a really affectionate way once or twice. When the first three minutes were over they gracefully bowed and retired to their corners. The crowd, which had increased to perhaps 1000 persons, groaned feelingly, but the fighters only smiled. The second and third rounds were similar. Once Mitchell pushed his cheek against Burke's glove, for which Burke apologized. Then Mitchell patted his opponent's right cheek, and in scriptural fashion Burke turned the left to him. Another time when Burke got close enough to Mitchell the latter put his glove as far as he could into the former's mouth. So it went on until the third round was over.

A more disgusted crowd than that which left the garden has rarely been seen in this or any other city. There was no decision as to who was winner, but that would have been of no use, as there was nothing to divide between the men.

WINE.

The Future Prospect for California's Product.

NEW YORK, Nov. 24.—"America is destined to become the greatest wine-producing country in the world," said Mr. Clayton, editor of the *Wine and Fruit-Grower*. "Ten years from now our annual wine product will have amounted to 100,000,000 gallons at least, and even then the industry will only be in its infancy. We hear people boasting about our wine products in California! Why, the best parts of California for grape growing have not yet been touched. That State alone has as large an acreage adapted to grape culture as France. France has turned out 1,176,000,000 gallons in one year. But California constitutes only a small part of our wineproducing territory.

In the United States there will be three great wine countries. First, the Pacific slope; second, the Piedmont slope or table lands between the Alleghany mountains and the Blue Ridge; third, the Indian Territory, with parts of New Mexico, Arizona and some parts of Arkansas and Kansas. Besides these, Texas begins to loom up as a prospective great wine producing State. In short, comparing the United States with France, the present greatest wine producing country in the world, we have one hundred acres adapted to grape growing for every one acre that France has, or, to put it another way, California alone, when fully developed, can produce as much wine as France, which after all is not much larger than our Golden State. It is estimated this year that 28,000,000 to 30,000,000 gallons of wine will be produced. Excepting Italy, no country in the world is comparable with California for wine. The markets for her wines are growing in favor both in America and England. The wine merchants of England are turning their attention to California for their future supply of port wines, which are growing in favor in London."

A Speech from Hendricks.

NEWARK, N. J., Nov. 24.—The Democrats held a great meeting of rejoicing to-night. After the parade Vice-President-elect Hendricks said: "It is impossible for me to address you at length. I thank you, men of New Jersey, for the honor you have done Gov. Cleveland and myself at the recent election. [Cheers.] I know of no honor possible to be enjoyed by any man greater than that which is expressed in the confidence of the people, and there is no mode of expressing that confidence higher than the ballot in the box. [Cheers.] On the fourth day of this month New Jersey did express her judgment that we should be the chief officers of this country. That judgment stands, and will stand forever, because enough of the other States have concurred in that judgment of the nation, under the Constitution of the United States. For the part that you have borne in that grave and responsible work, I express to you my sincere thanks and regards. To the Sullivan Club of the city of Newark (a part of the serenading party), I desire to express my thanks in very special terms. They have done to one who is dearer to me than my own life honor to-night. It was impossible that she should be here to receive this honor at their hands. They desire to express to her their respect and their regard for this banner, the beautiful banner that exercises our mutual love for Ireland. [Cheers.] Upon that banner it was written by herself, 'Justice to Ireland,' a sentiment that all men of all nations and all kindreds of the earth ought to respect and honor, 'Justice to Ireland!' that has given to England her bravest soldiers. Ireland that has sent to this country of ours men who have fought in all its wars, men who have helped to develop this whole land, men who have illustrated the virtues of civilization and Christianity."

A Serious Charge.

LOUISVILLE, Ky., Nov. 24.—A sensation was caused here to-day by a publication in the Boston Knights of Honor *Observer*, charging that Robt. J. Breckenridge, late Supreme Treasurer of the Knights of Honor, is a defaulter to the amount of $160,000. Incidentally the same paper refers to Breckenridge as a "Rival Captain Kidd." In addition to its local report, the *Observer* editorially arraigns Breckenridge as being accountable for large sums of money "to widows and orphans of departed brethren." The *Observer* is edited by Mr. Commings, who is on very intimate terms with General Sloat, Supreme Dictator of the Knights of Honor, and J. W. Branch, who succeeded Breckenridge as Supreme Treasurer. Breckenridge is in the city and denies the charge, pronouncing the whole thing a tissue of falsehoods. Said he, "I have received money which has not been paid out. I was ordered by the Chancery Court to pay no more benefits after October 18th last, and I obeyed the order. For this reason there is now a considerable amount in the People's Bank to the credit of the Knights of Honor." The general opinion among the members of the Knights of Honor is that the charge is not true. Col. Breckinridge will sue for libel.

MATRIMONIAL.

Arizona Young Men Making a Bid for Wives.

NEW YORK, Nov. 24.—F. G. Green, of St. Johns, Apache county, Arizona Territory, has arrived at Philadelphia. He said: "There is a scarcity of young women in Apache county, and a lot of respectable young men called a meeting at St. Johns and deputies were selected to come east to secure wives for subscribers to the association. I have photographs of the members, thirty-one in all, and I also have letters of recommendation from township officers. All I want now is to secure young ladies. Their expenses to Arizona will be paid by the Association immediately, or if they prefer they will be given the addresses of the members whom they prefer and correspondence can be opened."

A Spiritualist's Work.

CLEVELAND, Nov. 24.—A special from Gambier reports that Mrs. Welker, living two miles from that town, lay ill, and, being a spiritualist, refused medical aid, but was persuaded to submit to treatment by a man named Burrows, who said he was a medium under the influence of the spirit of an Indian Chief. Burrows said the woman was afflicted by devils, when he proceeded to drive out by beating her about the head and shoulders and otherwise maltreating her, in consequence of which she died last Wednesday. The house where Mrs. Welker died was locked, and nobody was permitted to enter it until Saturday, when her cousin, Dr. Welker, forced his way in, and found her corpse stretched on the bed in a state of nudity. Unless Burrows proves to be insane he will be tried for manslaughter.

A Railroad Accident.

MOBILE, Ala., Nov. 24.—The north bound passenger train on the Mobile and Montgomery road, which left here at one o'clock this morning, ran into a south bound freight train at a siding at Perdido, the switch being open. The engines telescoped and some turpentine on the station platform caught fire. A rosin warehouse in the vicinity was partially destroyed, also the two engines, and the baggage car, mail and smoking car of the passenger train. The engineer, James Duffy, of the passenger train, was killed and his body burned beyond recognition. Morgan Ash, engineer of the freight train, had his arm broken; Walter Dawson, fireman on the freight train, had his leg crushed and it was amputated later. Three other railroad men were injured slightly.

WASHINGTON TERRITORY.

A Report of that Enchanting Part of the World.

WASHINGTON, Nov. 24.—Watson Squire, Governor of Washington Territory, in his annual report, says: "The manufacturing industries of the Territory have attained a highly gratifying degree of improvement, that of lumber taking the lead. In many cases the Indians are employed in prosperously cultivating the soil, and it is believed that the system of allotting a suitable quantity of land to them in severalty, can and ought to be encouraged. If they could be induced to concentrate and altogether abandon certain reservations it would conduce much to the development of the Territory by the settlement and cultivation of large tracts of valuable land now unproductive."

Touching the Territorial law conferring upon women the right to vote, the Governor says: "Although many of our citizens are disposed to question the wisdom of the law, especially when attended with the requirement that women should serve as jurors, it meets with the approval of a large majority of the people, and the women of the Territory are, for the most part, strongly desirous that the enactment should be retained upon our statute books. Thus far it seems attended with no important results unfavorable to the welfare of the people of the Territory."

The report states that the value of assessed property in the Territory is $50,503,852, with one county to be heard from. The Territory is entirely out of debt and on July 1, 1884, had a balance of $47,901 in the Treasury.

The population of the Territory is estimated at 150,000, and the Governor in conclusion presents a number of reasons to support the claim of Washington Territory for admission into the Union as a State.

An American Singer.

NEW YORK, Nov. 24.—Mlle. Nevada made her first appearance here to-night in the role of Amina, in "Somnambula. The enthusiasm increased as the opera proceeded. Mlle. Nevada scored an undoubted success. Her voice is remarkable for sweetness and flexibility. Her execution was noteworthy also her winsome simplicity and naturalness of acting. The floral offerings were many and magnificent. Mlle. Nevada was at times completely overcome with the warmth of her reception. She kissed the small American flag which surrounded the bouquet of flowers and sang with exquisite sweetness "Home Sweet Home."

Railroad Suit.

WASHINGTON, Nov. 24.—The case of the Government vs. the Union Pacific Railroad Company, in which the Government claims a certain per cent. of the net earnings and the railroad company claims payment for transportation, came up in the Court of Claims to-day. Only preliminary matters were disposed of and the trial will begin regularly to-morrow. If all the Government claims are allowed they will amount to $1,700,000, but against this total the railroad company claim offsets aggregating $1,500,000.

Resignation Demanded.

CHICAGO, Nov. 24.—The *Daily News'* Winnipeg special says: A pressure has been brought to bear on the government by public indignation at the flogging of the prisoner McCormick at the instigation of Attorney General Miller so great that the government has been compelled to demand his resignation. Miller will leave the government in about a week.

A Brutal Murder.

COLUMBUS, O., Nov. 24.—A large crowd of the anti-liquor element at Bladensburg, Knox county, made an attack Saturday night on Chapin's saloon. The proprietor was struck on the head by a stone and his skull was fractured. All his liquor was thrown in the streets, and when the physicians arrived Chapin was dead.

Not to be Blamed.

FORT SMITH, Ark., Nov. 24.—News is received of the killing of John Wood by Stephen Fletcher (both colored), at Round Mountain, in the Choctaw nation. Wood eloped with Fletcher's wife. Fletcher pursued and overtook them, and blew out Wood's brains and returned home with the woman.

Rates to New Orleans.

KANSAS CITY, Nov. 24.—The general passenger agents of the Colorado pool met here to-night and agreed upon a round trip rate to the New Orleans Exposition good for fifty days, as follows: From Denver, Colorado Springs and Pueblo, $62.75; from Ogden and Salt Lake, $92.75. Other matters will be considered to-morrow.

A Mill Resumes Work.

PITTSBURGH, Nov. 24.—The Frankstown Rolling Mill, which has been idle for four months, resumed operations to-day, and it is thought will be kept running all winter. It is expected that a new pipe mill recently built by the same firm, will start up Wednesday, giving employment to 600 men.

A Clever Invitation.

NEW YORK, Nov. 24.—A special from Washington says: It is announced to-day that following the example set by Mr. Hayes, President Arthur has invited his successor to make the White House his home while preparing for the ceremonies of the inauguration.

Verdict for Fees.

CINCINNATI, Nov. 24.—A verdict was rendered in the United States Circuit Court today in favor of the United States against David H. Bailey for $39,900 fees collected by Baily as Consul at Hong Kong, China, and not accounted for. Bailey made no defense.

A Chinese Row.

SAN FRANCISCO, Nov. 24.—This afternoon a row between different factions of Chinese occurred in the Chinese quarter. Pistols and knives were freely used. The noise of the fusilade brought policemen to the scene, who on arrival found one Chinaman in a dying condition. While being removed to the Receiving Hospital for treatment he died and the corpse was taken to the Morgue instead. Shortly afterward two wounded Chinese were brought to the Receiving Hospital. One was stabbed in the back and the other was shot in the cheek. On the former was found a revolver from which but one bullet was discharged. The Chinamen pretended not to know that one of their countrymen had been killed or who he was. Nothing could be learned from them concerning the trouble which led to the shooting and cutting affray.

Mormon Schools.

SALT LAKE, Utah, Nov. 24.—Suit was brought to-day by gentile tax-payers to restrain the trustees from collecting a special tax to build an alleged school building which they aver will be in effect a Mormon meeting house, and they contend that the Mormons run the school in the interest of the Mormon church. The trustees are invariably Mormon wherever it is possible and it is almost without exception that the teachers are required to be Mormons and to advance the interests of the church in their position; that in consequence their children and all gentile children are deprived of all use or benefit of the schools, and they are not bound to supply money to carry it on. The trustees were served with the papers this evening. This is the first test ever made in the courts.

A Democratic Delegate.

PORTLAND, Ogn., Nov. 24.—A party of Oregon Railway and Navigation officials left this evening for Huntington, where they will meet the officials of the Oregon Short Line, and drive the last spike of the fourth transcontinental line at 5 P. M. to-morrow.

The Secretary of Washington Territory has received corrected official returns from all but four counties on delegate to Congress, from which it appears that Voorhees, Democrat, will have a majority over Armstrong of 137. The Republicans now concede his election.

Trouble in Washington Territory.

PORTLAND, Ogn., Nov. 24.—A Sprague, Washington Territory, special says: The Sheriff started this morning with a posse of eighty men armed with Winchester rifles to overpower the mob in possession of the court house at Davenport, who refuse to allow the records to be taken away to this place, which was chosen as the county seat at the election on the 4th inst. Serious trouble and bloodshed is feared. Davenport is twenty-one miles from here.

Death of a Man of Family.

SAN FRANCISCO, Nov. 24.—J. Frank, a well-known capitalist, died yesterday afternoon. He has been failing in health for a considerable number of years, so that his death was not unexpected. He came to this coast in the spring of 1850. In 1856 he established the well-known house of J. Frank & Co. In 1864 he retired from business. He leaves seven sons and two daughters.

Grain in England.

LONDON, Nov. 24.—The *Mark Lane Express*, in its weekly review of the corn trade, says: "Young wheat could scarcely look stronger, and there is not an autumn-sown crop of any kind which has not an exceptionally good average appearance. Wheat declined 15c per quarter in London on Monday, and prices have been weakening ever since. Sales of English wheat for the past week were 68,663 quarters at 31s 7p per quarter, against 80,102 quarters at 40s 5p per quarter for the corresponding week of last year. Flour declined 2s under pressure from London bakers, who reduced the price of bread. Foreign wheat in London is gradually sinking toward an unfathomable bottom, and how far it will be before the bottom will be reached is a matter of pure speculation. Maize is firm, owing to scarcity. Oats are 6d per quarter lower. No cargoes off the coast, prevailing east wind keeping off expected arrivals. One cargo sold and one withdrawn, leaving the market bare for cargoes forward; there is but little demand.

The Congo Conference.

PARIS, Nov. 24.—The *Figaro* states that England's decision not to permit the Congo Conference to establish an International Commission for the regulation of the Niger was intimated at the first session of the Conference. Sir Edward Mallet, British delegate, declared in explanation of this that the commerce of the Niger was exclusively English, and the tribes in the Niger Delta were under British protection. England, however, he asserted, would pledge herself to clear the river, regulate navigation and throw the river open to the world.

FINANCE AND TRADE.

The Stock Market.

NEW YORK, Nov. 24.—Governments strong; railways steady; stocks quiet. Operations confined to room traders. The market closed firm, and compared with Saturday ⅛ to ¾ per cent higher, except Central Pacific, Northwestern preferred, Rock Island, Missouri Pacific, New Jersey, Central Pacific, Pacific Mail and Omaha, which are ⅛ to 1 per cent lower.

The Chinese Defeated.

PARIS, Nov. 24.—Advices from Tonquin say that as a reprisal for the attack made by the Chinese upon the French gunboats Eclaine and Tremer, on the 10th inst., on Claire River, while they were revictualing the garrison at Tu Yuen Wanben, Pierre de L'Isle telegraphs that Col. Duchesne was sent to attack a force of Black Flags and Chinese regulars intrenched in fortified works near that place. The French forces captured the fortifications, the enemy fleeing. The French lost eight men killed and twenty-five were wounded. The Chinese evacuated Hong Nan valley.

A later dispatch states that Col. Duchesne next day stormed, without loss, three fortified villages and destroyed or captured all the enemy's supplies. The enemy were in full retreat, taking refuge in the mountains and forests.

French News.

PARIS, Nov. 24.—In the Chamber of Deputies to-day the debate on the Tonquin credits began. M. Lockroy, Radical, opened the debate with an attack upon the government and generally criticised its colonial policy. De la Fosse (of the Right) vehemently denounced the ministers, and claimed that they deserved to be impeached. The debate will be resumed to-morrow.

Fell Dead.

SAN FRANCISCO, Nov. 24.—D. W. Cheeseman, who was sub-treasurer in this city during the Lincoln administration, and later a member of the State Legislature, fell dead this afternoon in front of Platt's Hall. He was 63 years of age, and leaves a wife and three children.

Free Trade in Africa.

BERLIN, Nov. 24.—The Congo Committee have agreed unanimously that free trade shall prevail in the western part of the Congo basin.

Trains Between Portland and Omaha.

PORTLAND, Ogn., Nov. 24.—The Oregon Short Line announces that it will commence the running of through trains between Portland and Omaha, without change of cars, on December 1st.

Items Around Town.

The Santa Ana train yesterday brought up seven car loads of white grapes for the East, besides two car loads of sheep for Arizona.

A lot of bad children on Turner street stole a lot of things from the gutters and street yesterday afternoon, and threw them into zanja 6-1, passing down Lafayette street, which has a very swift current.

As two men were driving a team on Alameda street, near Sainsevain, yesterday noon, and hauling two horses behind by a rope, one of the led horses being a lively animal, turned around ahead of the team, crossing it to the left and stopping the team. The man who was leading the horses had a lively and perilous time in getting the animals out of the tangle.

A Mysterious Explosion.

About half-past 2 o'clock this morning a loud explosion was heard in the vicinity of the Pico House, but whether it was a safe blown up or a shot at somebody was not ascertained up to 3 o'clock.

Arizona Items.

[From Sunshine and Silver.]

A strike of rich gold ore is reported in the Morning Glory mine, Turkey Creek district, at a depth of 70 feet.

In September the Copper Queen produced 4222 tons of black copper and in October 4000 tons—the largest run for the period in the history of the mine.

The Trout and Atchison copper mine, at the Casa Grande district, is said to have a body of fair grade ore 110 feet wide, shown up to a depth of 112 feet. The ore carries sufficient lime and iron for fluxing purposes.

Ore covered with wire silver is being taken from the Altar mine, on Copper creek. The owners, Messrs. Altar and Wilson, claim to have, at thirty feet, a pay streak of eight inches, that will assay over $100. Several tons are ready for shipment.

The Arizona Southern Mining Company are draining their mines of an accumulation of water at Oro Blanco. They have been running the old tailings through the mill, and cleaned up $100 a ton from them. They are working quite a force.

Some important strikes have been made in the Carlisle mine, Grant county, New Mexico. On the 300-foot level a body of ore has been encountered which shows up free gold like the old time surface workings, and assaying in the thousands. On the 400-foot level the ledge has been tapped and an immense body of ore encountered. The mill need not stop now for the next ten years.

We are all anxious to see a smelter go up at Tucson, and also to have the narrowgauge railroad built to Globe. I find, however, that in view of recent experiences, our citizens will require to be assured that these enterprises shall not be confined to paper, before they will encourage the furnishing of pecuniary support thereto by the county.

Since the furnace started in 1883, the United Verde copper mines have produced 2,891 tons of refined copper, and 237,951 oz. of silver. Estimating copper at $250 per ton and silver at $1 per ounce, this gives $787,451 as the total gross product. The above return shows an average of 7½ tons of copper bullion per day for the one thirty-ton furnace which has been running. Another furnace will arrive in a few days, which will be chiefly used to make matte from sulphur ores, of which they have large quantities in the lower levels.

The celebrated Silver King mine has at last paid another dividend, after a cessation of more than a year. The shaft is down a little over 800 feet, but no sinking has been done for some time, there being a large quantity of ore yet to extract in the upper levels. The resumption of dividends will doubtless be followed by a rise in the stock, which has fallen to $4. The mine is running its own 20-stamp mill at Pinal, also the 5-stamp mill of the Windsor Co., at the same place. It turns out bullion from the latter and concentrations from the former.

NEW TO-DAY.

The O. W. Childs Tract!

200 LOTS AT $600 PER LOT!

In Payments of $25 Monthly, Without Interest.

A division of the lots in Six Months, at which time purchasers can go upon the property and build.

Title Deeds from O. W. Childs Direct to Each Purchaser.

The finest centrally located property in the city at less price than for suburban lots, and all sold without interest on the amount unpaid.

SIX ELECTRIC MASTS TO BE ERECTED!

This splendid tract of land, taking in Eleventh and Twelfth Streets; and extending from Main to San Pedro Streets, in the

Very Heart of the Finest Improvements in Los Angeles,

Is now offered to the public by the owner, Mr. Childs, on terms that must command its immediate sale and improvement. Nearly every lot is

COVERED with ORANGE and LEMON TREES,

ENGLISH WALNUTS, AND VINES OF THE CHOICEST VARIETIES,

All of over twenty years' growth. A lot on this tract needs but a cottage to form at once a beautiful home with charming grounds and improvements ready for occupancy. You are invited to a view on Twelfth Street, the residences of several citizens already erected on this tract. Many of these lots on Main Street have been held by Mr. Childs at $1,500 to $2,500 each. Lots on Los Angeles Street have been held at $1,000 to $1,200 each. There is not a lot on the tract that is not worth the subscription price of six hundred dollars.

WORTH THE SUBSCRIPTION PRICE OF SIX HUNDRED DOLLARS.

The Title is Perfect.

Streets are Being Opened and Six Masts with Electric Lights will be Erected Immediately,

The division of the lots takes place in six months, at which time the purchasers meet together and choose a committee of three disinterested citizens and a Recording Secretary, the names of the purchasers being placed promiscuously in a box As each name is withdrawn by one of the committee the purchaser. or his or her representative, immediately makes a choice of one lot on the large map exhibited, and that choice. being recorded by the Secretary of the meeting, is unchangeable, and will receive a deed for the same direct from Mr. Childs. This is on the plan of the best homestead associations of other cities.

The Extremely Low Price

At which these central lots have been placed justifies the belief that even the least valuable one of the whole tract will be

WORTH $1,000 WITHIN THE TIME FOR FULL PAYMENT,

While others will more than quadruple the present very low rate. Lithographic maps of the 200 lots, streets, location of Electric Light Masts, etc., etc., will be ready in a few days. As this enterprise is not a money-making one, but believed to be a great public good, ending in the wonderful progress of our city, the books of subscription will not be placed in a real estate agency, but will be opened on

Wednesday, November 26, at 10 O'clock A. M.,

—AT THE—

Diamond House Salesroom, No 273 N. Main St., Messrs. J. M. Duncan & Co.

Being the sole and only authorized agents for Mr. Childs in the sale of this popular and beautiful tract.

THE GREAT SUCCESS

And Steadily Growing Popularity and Increase of our Business is the natural consequence of selling the best goods for the least money. We have earned the reputation at home and abroad that the

People's Store

Is the cheapest and best place to purchase one's wants in Southern California.

It is not our good looks nor our gentle ways that have brought about this result, but the solid sledge hammer values that we are constantly offering for little money. We have to-day more desirable goods in our stock at extremely low prices than ever before. Our Fall purchases were very heavy in anticipation of an immense Fall trade.

We are too heavily loaded, and as ever it has been our motto to give the public, to whose generous encouragement we owe our present standing, the benefit of our advantages or disadvantages, we make the following announcement for the ensuing week:

1. Our 49c tables will be replenished and refilled with more desirable bargains than ever.
2. Our line of Colored Silks, all shades, which we have been selling for $1.50 we have marked down, for this week only, at 98c. They will be found on the Dress Goods Counter.
3. Our line of $1.35 all-wool, double width Fancy Dress Goods will be sold this week, only to close, at 98c. These are elegant goods and cost more to import.
4. Our line of Brocaded Velvets, in all shades, which we have been selling for $4 per yard will be sold during this week at $2.75.
5. An immense purchase of Cloaks from the defunct firm of Anerstein & Bro., of New York, has filled us up completely and overstocked our space. If we are to be believed you can buy cloaks from $1.50 to $75 that are sold for twice and in many instances thrice what we ask. You cannot credit it how cheaply our cloaks are sold. Look at them before you purchase.
6. The remainder of the Morris Shoe Stock will be closed out during the week at still lower prices than last. We have a large line of gents slippers for Holiday gifts and are selling them at 50c to $1.50 less than regular shoe stores.

It is to your advantage and ours to visit us this week. We are determined to unload and lighten the weight upon our timbers.

Look out for our 49c cloaks, they are to be sold one day this week.

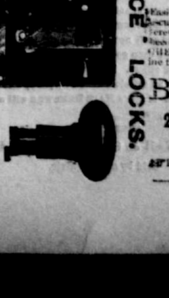

People's Store,

41-43-45 Spring St.

N. B.—Country orders promptly filled. Our Illustrated People's Protector and Price List mailed free upon application. Handsome cornice poles given away with every pair of lace curtains or six yards of curtain net.

Herald Steam Printing House.

The HERALD Steam Printing House is not surpassed by any job printing office on the Pacific Coast, outside of San Francisco, in facilities for doing job work. Low prices, good work and execution may be relied upon at this office.

Special Notice.

Hereafter notices of companies, societies, churches, etc., will only be inserted in the HERALD as paid advertisements. We reserve for places of worship a gratuitous directory, which will appear every Sunday morning.

The HERALD office is connected with the telephone system of Los Angeles city and county. Orders for advertisements or job work may be sent through this medium to number 156.

The HERALD is the official paper of the city of Los Angeles. The city delinquent tax lists and all other municipal notices appear only in its columns.

The Great Enterprise of the Age.

The din of politics has been so great during the past five or six months that most of our people have paid but little heed to an enterprise of great moment at New Orleans which has now reached almost the stage of fruition. We allude to the great Cotton Centennial Fair which will open in the Crescent City on the 15th proximo. Joaquin Miller was there the other day; and, in a letter to the journal which employs him, he pronounced the preparations for a grand event which he saw unprecedented in his recollection—a recollection which embraced the great World's Exposition of Paris, in 1867, and the Centennial at Philadelphia, nine years later. The grand central building, dedicated to the United States and to the State of Louisiana, will alone cover the space of thirty-three acres. Major Burke, the principal inspirer of this memorable exposition, has carried into all the operations connected with it the energy and genius which have enabled him, in a short time, to build up one of the great journals of the continent.

Not only will the forthcoming Fair be a World's Exposition, but it is an anniversary as well. One hundred years ago there were exported from Charleston, South Carolina, to England the first few bags of cotton which were the *avant couriers* of those enormous shipments whose manufacture into cheap fabrics has enabled England to clothe an enormous proportion of the civilized people of the world, and to hide the nakedness of the savage on the banks of the Zambesi and of the ryot of India on the banks of the Coromandel and Ganges. The seed of mustard in the scriptural parable, the little acorn from which the large oaks grow in the schoolboy's effort at oratory, but faintly parallel the marvelous growth of this interest. It languished until the cotton gin was discovered, but under this impetus cotton soon became King, with what disastrous results the mortal struggle which began in 1861, in that very harbor of Charleston from which the first shipment of cotton was made, and which ended at Appomattox Court House four years later, bore most ample witness. Cotton, purged of slavery, and cordially devoted to the Union, again rears its head, not as King, but as one of the leading factors in the prosperity of the United States.

We find in the New York *Sun*, of the 17th inst., the following interesting history of the inception and progress of this great national and international work:

The enterprise was set on foot two years ago at Little Rock by the National Cotton Planters' Association, the outgrowth of the Mississippi Valley Cotton Planters' Association, which itself was organized in the spring of 1878. This body will hold a Universal Cotton Convention in New Orleans on the 10th of February, which is likely to bring delegates from many parts of the world, and to have important results. Congress, in the spring of 1883, placed the Exposition on a strong foundation by providing that it should be held under the joint auspices of the United States government, the city of New Orleans and the Planters' Association. It supplemented this legislation by the loan of a million dollars, as in the case of the Philadelphia fair, and by the appropriation of $300,000 for the government's exhibit. The sum of half a million was raised by private subscriptions, and $100,000 was appropriated to the enterprise by the city of New Orleans, and an equal amount by the State of Louisiana. All the States and Territories of the Union will be represented at the fair, besides at least twenty foreign countries. Among the latter, Mexico takes the lead, having devoted $200,000 to her exhibit, which will be held in her own special building. Philadelphia and some other Northern cities have made provision for elaborate exhibits. Many works of art are on the way from Italy; fifty tons of miscellaneous products have started from Russia; the Chinese display in London is transferring to New Orleans many of its wares; in a word, the exhibition will deserve in the fullest sense its title of a world's fair.

It may surprise those who have not hitherto noticed the scale on which this enterprise is undertaken, to learn that its buildings are the most capacious ever erected by a world's fair. Their site is the Upper City Park, a pleasure ground of nearly 250 acres along the river bank, studded with fine groves of live oak. The main building of the Philadelphia fair is well remembered for its great size; but the main building of New Orleans covers an area about one-half greater. It is 1378 feet long and 905 wide; it is the most spacious iron building in the world. In its hall, fifteen thousand persons can be accommodated at conventions or at entertainments. There are three other great buildings, the Government, the Machinery and the Horticultural, of which the first named measures 880 feet by 556, while the last is larger than any ever before constructed for such a purpose. The horticultural premiums alone aggregate $35,000. The machinery building will have a special interest as illustrating the processes of gathering and milling cotton, sugar and rice.

Any one who desires to get an idea of the stupendous extent, the beauty and the grandeur of the buildings which have been constructed to accommodate the needs of this mammoth Exposition, has only to get a sight of their profiles. The Farmers and Merchants' Bank of this city, whose President, Mr. I. W. Hellman, is one of the California Commissioners, has the only set which we know to be in the city.

Above all things pride of section and almost identity of latitude should insure a splendid exhibit of the products of Los Angeles county and of Southern California at this superb display of the wealth of the Mississippi valley and, as we may truly say, of a continent. We are afraid that, thus far, we have been a trifle dilatory in taking hold of the matter. It would be a burning shame if the copious and florid descriptions of this magnificent exhibit which will be sent to all quarters of the continent should not be compelled to take note of the opulence of our own display. We have made a beginning, but we should see to it that it is supplemented by right hearty work.

THERE is nothing in the municipal ticket nominated by the Republicans yesterday that should necessarily discourage Democrats. Hon. E. F. Spence is a worthy and estimable gentleman and would make a good Mayor, but he is so wrapt up in multiform business affairs that it is very doubtful whether he would have time to attend to the often exigent duties of the office. Even maugre the results of the late election, we think we know of a number of Democrats who could play the James Fitz-James to Mr. Spence's Rhoderick Dhu, notwithstanding all his winning ways. The Republican nominee for City Tax Collector, Mr. H. T. Payne, will poll a very retrenched vote, and will fall an easy victim to Mr. H. S. Parcels, who, by this nomination, is undoubtedly destined to be his own successor if he receives, as he doubtless will, the Democratic nomination. The nominee for City Treasurer, Mr. Al. Cobler, is in some regards a strong man, but he will be opposed, in the person of Mr. Kays, by a stronger one. The nominee for Assessor, Mr. Fischer, the present incumbent, will receive a great many votes on account of his sterling honesty and excellent personal character. We shall review the ticket more at length hereafter.

THERE is a very marked error in the references of most of our esteemed contemporaries to the bodies which elect the President of the United States. Thus we find in an editorial of the San Francisco *Examiner* of the other day, and in the *Evening Express* of yesterday, the expression "Electoral College" in connection with the choice of the President. The fact is that it is the Electoral Colleges of the several States and not an Electoral College, which discharges this responsible function. The use of such a phrase shows almost as much ignorance as does the vulgar rendering of the word "electoral" by "electorial." Sometimes all the Electoral Colleges participate in the choice of a President and sometimes they do not. At the second election of Mr. Lincoln none of the Electoral Colleges of the States lately in rebellion participated in the choice of our constitutional ruler, while a number of them were still debarred in the Grant-Seymour contest of 1868.

Stop and examine the White Sewing Machine before purchasing any other. The schuttle is self threading. The needle is self setting. It runs almost noiselessly, and the large space under the arm makes it superior in every respect to any other machine in the market. Several other leading machines constantly on hand. Machines sold on the installment plan. Liberal allowance in exchange for old machines. Reasonable time is allowed for trial before the first payment is required. You can save from ten to twenty dollars canvasser's commission by buying your machines at the Sewing Machine Headquarters, 3 Spring street, Nadeau Block Los Angeles, Cal. Business Men of Los Angeles.

Many States in the Union at present are competing with California for European immigration, but the fertility of our soil, and particularly the climate of the Southern part of the State, are great things in our favor. The most enterprising business men of Los Angeles come from all parts of the Union, among the foremost of which must be mentioned the Pacific Restaurant, opposite the Postoffice.

THE FIRST JEWELRY MANUFACTORY IN SOUTHERN CALIFORNIA

—OPENED BY THE—

LOS ANGELES JEWELRY STORE,

No. 24 North Main Street.

L. M. Wagner. C. F. Mohrig.

Factory 16 Requena St., Los Angeles, Cal.

We call the attention of Country Jewelers in Southern California to the fact that we have opened a Jewelry Manufactory in Los Angeles, California, where we execute everything in first-class style that skill of hand and machinery can do, at the lowest possible price. All orders are promptly filled when ordered. We should be pleased to receive any kind of an order from the city or abroad. Our specialty is the manufacturing of fine Quartz Goods, Diamond Settings and Gold Chains. People will find it to their interest to call on us, as we mean exactly what we say—nothing misrepresented in our line. We will give country jewelers the benefit of our silver-plated ware as cheap as they can get it in the city of San Francisco, as we buy direct from the manufacturer and give you as large a discount as any one. We buy for cash and sell for cash low down, in everybody's reach. Try our prices on silverware—you will be satisfied how low they are.

—NEXT COMES THE ASSAYING OF GOLD, SILVER AND QUARTZ NUGGETS.—

We advance any amount of money on ORE OF GOLD OR SILVER sent to us for Assaying, and don't you forget it. You get all your ore is worth in value of U. S. gold coin. The head of this enterprise is our reliable Jeweler, Mr. Wagner, who came to this city nearly three years ago, commencing in small style but advancing step by step, and is now one of our prominent Jewelers and Manufacturers and Managers in Southern California. He only accomplished this through honesty, industry and fair dealings with his customers. All who know Mr. Wagner will find him correct in all his business transactions. He is an old experienced hand for the last thirty years in the Watch and Jewelry business. The partner in this late enterprise is C. F. Mohrig, an old, honest manufacturer and resident of San Francisco, for the last 35 years, and has made up his mind to live the balance of his life in Los Angeles. You will find him trustworthy in all transactions and dealings.

Our line in Gold and Silver Watches is as large as any in the city. You will find a fine assorted stock in jewelry of all kinds, and as low as it can be sold. We don't say that we will sell at cost. We can't do that, as we have to meet our expenses. We call the attention of our lady and gentleman customers to the fact that in the future time and orders given to us will have prompt attention. Don't forget the Los Angeles Jewelry Store, as this is the only place in Southern California where Manufacturing and Assaying is done.

We are respectfully yours,

WAGNER & MOHRIG.

Health Restored and Life Prolonged to Suffering Humanity by the Most Wonderful Agents Ever Discovered.

DR. MYERS' GALVANIC CHAIR!

Galvanism, Electro-Magnetism, and other forms of electricity are now extensively employed in the best institutions of the world with the most flattering results. The Galvanic Chair is one of my own invention. And one of the best constructed Electro-Magnetic Apparatus in use, with every necessary appliance for the treatment of various diseases. The patient receives no unpleasant shock, but a pleasant, soothing and steady current, which invigorates the whole system throughout. The chair is so constructed that I can give Hot Air, Medicated or Vapor Baths, which cleanses the skin and opens the pores, thereby relieving congestion and assisting nature to remove impurities from the blood. It has been said that cleanliness is next to Godliness, and the pores of the skin must be kept open or sickness and early death are sure to follow. With my chair I can sweat the most delicate patients day after day, and give them strength from each application. I do away with all debilited, oppressive sensations of heat and shock, rendering the feelings of the patient most delightful. I equalize the circulation and tone and strengthen the whole system, from the brain and spine, through all the nervous ramifications of the various vital organs. I do not debilitate my patients to promote a cure, but from the commencement invigorate them.

I have cured hundreds of cases supposed to be incurable, and with my apparatus have thrown many into ecstacies over the beneficial effects of my treatment. I have given many neuralgic sufferer occasion to rejoice, and have caused the haggard, downcast face of the dyspeptic to light up under the exhilerating effects of a vitalizing current of electricity sent down the pneumogastric nerve to the stomach, and I have caused many a rheumatic and paralytic to run and rejoice in the restoration of painful, contracted, stiff and withered limbs, and in all diseases I cause beneficial results which are wonderful. In making electricity as a therapeutic agent, I do not rely upon it to the exclusion of every other treatment, but I do claim that if properly applied as an adjunct, with a judicious system of medication, I can produce more and speedier cures than I can with either alone. Progressive science has exploded many old theories.

INHALATION.

I have just introduced a new treatment by inhalation, by which lung diseases and catarrh are cured speedily.

I HAVE NO ONE CURE-ALL,

Nor do I make a hobby of any one mode of treatment. I use electricity or medicine, or both, as cases may require. I believe in proving all things and holding fast to that which is good. I am aware that it is a positive fact that the majority of diseases are caused by impure blood, and the only way to promote a cure is to remove the poison and build up the system by requiring the obstructed excretory organs to do their proper duty. I find the cause, remove it, and nature, assisted by medical remedies properly applied, will promote a cure without fail.

I treat with success all diseases of the Throat, Lungs, Heart, Stomach, Liver, Head, Nerves, Kidneys, Bladder, Womb, Blood, Affections of the Urinary Organs, Gravel, Piles, Scrofula, Rheumatism, Catarrh, Bronchitis, Dyspepsia, Diseases of the Eye and Ear, etc.

TO THE LADIES.

To the ladies I would say: You whose sufferings have become intolerable, and who have suffered a thousand deaths from those diseases so common to your sex, give me a call, for I can cure you without fail, and make your lives once again worth living for And all consultations will be strictly private and confidential.

YOUNG NEN.

To those young men who have suffered from year to year, and whose vital powers have become impaired and nervous system unstrung and broken down, and are suffering all the horrors from the effects of youthful follies, come and see me. I have a sure preventative of premature decay and early death. To those who, from indiscretion, have contracted private diseases and are desirous of being cured, come without fail, for I can guarantee you a speedy cure.

CONSULTATION FREE.

I invite sick, no matter what their diseases may be, to call and investigate for themselves before abandoning all hope, for it will cost you nothing. I give no encouragement unless there is a fair prospect of making a cure. I will endeavor to be candid in my opinion and reasonable in my charges. I claim not to cure everybody, but to cure all that can be cured. I am formerly from New York City, and a graduate of one of the best medical colleges in the United States, and a most thorough Electrician, and have had many years successful practice in the treatment of both acute and chronic diseases. To remove all doubts and convince my patients that I claim nothing but what I am, I refer to my diploma and the numerous recommendations in my possession, which will always be ready for inspection at my office.

I have located permanently in this city, and all I ask is that you give me a fair, unbiased trial, by which I hope to merit your confidence and give entire satisfaction to all suffering humanity. My reputation has been acquired by candid, honest dealing, and years of successful practice. I know the cause and the remedy needed, not by guess-work, but by years of experience in the treatment of various diseases.

Those unable to pay for treatment will be treated free of charge between the hours of 8 and 9 A. M. only.

Consultation at my office. No. 404 Solomon Block, South Spring street, between First and Second streets. Hours—From 9 to 12 A. M. and 1 to 5 and 6 to 8 P. M.; Sunday, 10 A. to 2 P. M. The Bees in Court.

A complaint has been filed in the Superior Court of San Diego county in which the plaintiff [we copy from the San Diego *Union*] recites the expense he has been under to improve his land, and states that he is engaged in the business of fruit growing; that among other fruits and vines he has about thirty acres of Muscat grapes raised for the express purpose of being made into raisins; that in order to accomplish this object it is necessary that the grapes be taken from the vine and exposed to the sun and air for about one month in order to cure and dry for market. He alleges that defendant resides near Viejas, about thirty miles from plaintiff's premises, and is engaged in the business of keeping bees; that he does now and has for two years continuously kept upon a piece of Government land (embraced in the railroad grant) a part of section 23 and about three-quarters of a mile from plaintiff's premises, several hundred stands of bees. He further alleges that defendant has no interest in the land, but wilfully and maliciously keeps the bees thereon for the purpose of letting them eat up and destroy the fruits of the labor of citizens living in that vicinity, and are a great nuisance; that during the two years past the bees of defendant have destroyed and eaten up large quantities of the fruit to the value of $1000, and are still engaged in eating up and destroying plaintiff's said property; that during said time defendant has known of the depredations and has often been requested to abate said nuisance, but has and still refuses to so do. Plaintiff alleges it as his belief that the bees are wilfully and maliciously maintained at their present location, intending to damage and destroy his property in order to compel him to pay plaintiff a large sum of money to have them moved.

The prayer of the plaintiff is that he may have judgment and decree of the Court that the keeping of said bees is a nuisance and that it be abated, and that he may recover from defendant, as damages for injury done, the sum of $1000.

The dangers attending the photographic industry are pointed out by M. Napias, who states that, in the preparation of the plates by means of the gelatine bromide of silver process, every ray of sunlight should be excluded, and the operator pursue his work by the aid of a feeble illumination afforded by the red ray lantern. Besides the foul air thus caused, the narrow and gloomy apartment is filled with the vapor of ether. Unless great care in the ventilation is practised, the necessary detention in the dark room may prove very hurtful. Again, there may occur poisoning by the vapor of hydrocyanic acid, which is formed by the decomposition of cyanide of potassium by bichromate of potassium. Nervous phenomena may result from the breathing of an atmosphere in a dark room without oxygen, this necessary element being taken up by pyrogallic acid when in contact with the alkali ammonia. If to this loss of oxygen be added the vapor of ammonia, it necessarily follows that the atmosphere under these circumstances must, if long or continuously breathed, prove damaging to the blood, causing a more or less pronounced anemia, with its attendant symptoms.

During the Franco-German war Metz and Paris communicated with the outside world by carrier pigeons, and the German generals declared them contraband of war. They continued, however, to be introduced into France from Belgium, where they are a specialty, pigeon racing and breeding having long been a national sport there. The Belgium societies were never more flourishing than at present, and are very particular in regard to breeds, the Antwerp being the favorite; in some of their nurseries the boxes are of mahogany, with solid silver embellishments. Thirty miles an hour is the average speed of the Antwerp pigeon, which always descends at night for shelter and repose, the carrier's flight being guided by sight alone.

A Perplexing Question.

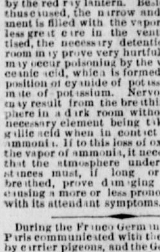

An Austin dude for some incomprehensible reason was married one day last week to a stout, healthy country girl. The dude was perfumed, wore frills on his shirt, his hair was curled and he presented such a feminine appearance that the clergyman who was called on to unite them in matrimony, said: "I don't want to make any mistake about this business. Which of you is bride, anyhow?"—[Texas Siftings.

"I declare," exclaimed Brown, throwing down his paper in disgust, "one can't believe half he reads during a political campaign." "No," replied Fogg and he doesn't want to. He only cares to believe the half that he finds in his own party organs.

A minister is after the society editor of the dailies because an item which should have read, "The spirit moved him to go out of town for a season," appeared in print, "The sheriff moved him to go out of town for a season."

SUMMONS.

In the Superior Court of the State of California, in and for the County of Los Angeles.

THOMAS BANBURY, Plaintiff, vs. WALTER RAYMOND and A. H. GLUCK, partners under the name, firm and style of Raymond & Gluck, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of Los Angeles, and the Complaint filed in said County of Los Angeles, in the office of the Clerk of said Superior Court.

The people of the State of California send greeting to Walter Raymond and A. H. Gluck, Defendants.

You are hereby required to appear in an action brought against you by the above named Plaintiff in the Superior Court of the State of California, in and for the County of Los Angeles, and to answer the complaint filed therein, within ten days (exclusive of the day of service), after the service on you of this Summons—if served within this County; or, if served elsewhere, within thirty days—or judgment by default will be taken against you according to the prayer of said Complaint.

The said action is brought to obtain a judgment against you and each of you for the sum of $8050.00 on account of work, labor and services performed, together with interest on said sum from May 2, 1884, and for costs of suit. Reference is had to Complaint for particulars.

And you are hereby notified that if you fail to appear and answer the said Complaint as above required the said Plaintiff will take judgment against you and each of you for the sum of $8050.00, with interest from May 2, 1884.

[SEAL.] Given under my hand and the Seal of the Superior Court of the State of California, in and for the county of Los Angeles, this 2d day of May, in the year of our Lord, one thousand eight hundred and eighty-four.

DAY DISPATCHES.

SAN FRANCISCO, Nov. 24.—The *Chronicle's* Chicago special, quoting from the *Daily News'* Washington special, says: "There is every reason to believe that in his coming message President Arthur will repeat the recommendation he made two years ago in favor of the repeal of all taxes on manufactured tobacco, cigars, cigarettes and snuff. Secretary McCulloch has frequently declared himself to be in favor of wiping out all these tobacco taxes, and it is confidently expected here that he will join the President in urging Congress to take this step.

The prospect is that four movements against the surplus revenue will be made this winter. One is in the shape of the Pension bill which passed the Senate last winter, and is now on the Speaker's table. This bill, if passed by the House, would absorb about $55,000,000 annually. Another is the Blair Educational bill, which was passed by the Senate last winter and is now in the House. This would swallow an average of $10,000,000 a year for eight years. The third is the tobacco tax repeal scheme, which will wipe out over $2[illegible],000,000. The fourth is the proposed Spanish treaty, which will be presented to the Senate and carried into operation by an act of Congress. This treaty would do away with over $30,000,000 of revenue.

The Plenary Council.

BALTIMORE, Nov. 24.—The third solemn session of the third Plenary Council of the Catholic Church of the United States was held to-day at the Cathedral in this city, accompanied by all the pomp and ceremony which characterized the two former sessions. The public procession from the Archepiscopal residence to the Cathedral was composed of a long line of archbishops, bishops, mitered abbots, superiors of religious orders, theologians and seminarians, all clad in robes of office—a pontifical high mass was sung by Archbishop Feehan of Chicago. The sermon was preached by Bishop Fitzgerald of Little Rock, subject, "The sacrifice of mass." After the sermon the apostolic member took his seat as President of the Council and a number of decrees which have been formulated were voted on by the Council. The entire proceedings were in Latin. The session closed with the benediction by the apostolic delegate. A solemn closing of the Council will be held on Sunday next.

An Eastern Earthquake.

CONCORD, N. H., Nov. 24.—A slight shock of earthquake was felt at 12:30 A. M. yesterday, and was followed sixteen minutes later by a very heavy one, lasting several seconds, during which large buildings were shaken. The second shock was accompanied by a heavy rumbling noise, sufficiently loud enough to awaken people. Shocks were felt in various parts of the State.

BOSTON, Mass., Nov. 24.—Earthquake shocks are reported from various points of New Hampshire as having occurred early yesterday morning. It was felt in this vicinity also. A gentleman living at Cloverdale says he felt it and noted the time —1.24 A. M.

The Steel Works Committee.

PITTSBURG, Nov. 24.—Members of the Congressional Committee, with Senator Hawley at its head, arrived in this city to-day to investigate the steel works in the city and report upon facilities for the perfection of steel for heavy guns and naval vessels. The entire morning was spent at the Edgar Thompson steel works. Other works will be visited this afternoon.

ROCHESTER, New York, Nov. 24.—The *Democrat and Chronicle* to-day will contain a letter to the editor from Whitelaw Reid, editor of the *New York Tribune*, positively declining to be a candidate for the United States Senate.

An Opera House Burned.

ST. LOUIS, Nov. 24.—The Grand Opera House on Market street, between Fifth and Sixth streets, was burned yesterday, entailing a loss of from $125,000 to $150,000. John W. Morton, manager, had his entire personal wardrobe and valuable actors' library destroyed. His loss is about $7,000. The insurance on the theater is about $50,000.

The Mormon Question.

WASHINGTON, Nov. 24.—An effort will be made at the coming session of Congress to pass the bill introduced by Senator Cullom last winter to correct the deficiencies in the Edmunds bill for the suppression of polygamy in Utah. Should the promoters of this scheme be successful the country will probably this winter see a settlement at last of the long vexed Mormon question.

Mr. Hendricks En Route Home.

NEW YORK, Nov. 24.—Vice President Hendricks leaves for home to-night. He will stop on his way at Newark, N. J., to review a democratic parade. Among the callers today was ex-Senator Wallace, of Pennsylvania.

A Railway Collision.

MOBILE, Nov. 24.—The collision last night at Perdido, on the Louisville and Mobile Railroad, between the north-bound passenger train and the south-bound freight, resulted in the engineer being burned to death and six passengers killed and many wounded.

The Cholera.

PARIS, Nov. 24.—The Sanitary Commission has ceased to hold daily sittings, and the cholera epidemic is considered ended.

There were nineteen deaths from cholera in Paris yesterday. In twelve hours ended at noon to-day there were only three deaths. The publication of bulletins has been abandoned. The death of Admiral Fourishon is announced.

A Walking Match.

LONDON, Nov. 24.—A six days' pedestrian go-as-you-please match began at 11 o'clock to-day at the Aquarium for the Astley belt. The contest will continue twelve hours each day. There were twelve starters, none of whom were Americans. The names of the competitors are as follows: Rowell, Littlewood, Verderpeer, Pettit, Bergin, Wren, Cartwright, Franks, George, Mason, McCarty, Conner, Hunt.

Caned by an Army Officer.

SAN FRANCISCO, Nov. 24.—The *Examiner's* Washington special says: Major General Spriggs Carroll, on the retired list of the army, severely beat, with a switch cane, Col. George B. Corkhill, who achieved a national reputation through his connection with the prosecution of Guiteau. Carroll claims that Corkhill exceeded the bounds of propriety in giving a divorce case in which Carroll is defendant, unenviable notoriety. Previous to the above occurrence, Carroll had called on Corkhill and placing two revolvers before Corkhill told him to take his choice, as he had come to kill him. Corkhill begged off and Carroll took his departure, leaving one of the pistols with Corkhill, saying: "I may make up my mind to kill you, and want you to be [illegible]."

De Young Improving.

SAN FRANCISCO, Nov. 24.—De Young, the proprietor of the *Chronicle*, who was shot by Spreckels, continues to improve. Dr. Murphy says he cannot yet state that all danger from the wound has passed, but that De Young's chances of recovery look more favorable now than at any time since the shooting took place.

Sentenced.

SAN FRANCISCO, Nov. 24.—John O'Neil, convicted of illegal registration, was sentenced this forenoon in the United States District Court to three years imprisonment in the State prison and to pay a fine of $500.

Y. M. C. A.

SAN FRANCISCO, Nov. 24.—The Fourth Annual Convention of the Young Men's Christian Association of California adjourned *sine die* yesterday. The next convention will be held in Napa.

A GRATIFIED RECOGNITION.

CHAS. J. BA[illegible], San [illegible], Cal., writes Sept. 11, 88: Three years ago this day I received a bottle of your Asthma Cure and for a long time I kept you informed of my condition which you will remember was favorable. The last letter that you wrote me, you asked if you could publish some of my letters in the paper here. I answered you requesting a little longer time. Now I feel that I can safely say that I am entirely cured. I have never enjoyed better health than I do now. It is eighteen months since I used any of the Asthma Cure.

A valuable 64-page treatise containing similar proofs from every State in the U. S., Canada and Great Britain will be mailed upon application. [illegible] Francisco has Dr. Hair's Asthma Cure in stock. Ask your Druggist for it.

PILES! PILES! PILES!

A SURE CURE FOUND AT LAST!

NO ONE NEED SUFFER.

A sure cure for Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian Remedy), called Dr. Williams's Indian Pile Ointment. A single box has cured the worst chronic case of 25 or 30 years' standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams's Indian Pile Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed), acts as a poultice, gives instant relief, and is prepared only for Piles, itching of the private parts; and for nothing else.

Read what the Hon. J. M. Coffinberry of Cleveland says about Dr. Williams's Indian Ointment: "I have used scores of Pile Cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. Williams's Indian Ointment." For sale by all druggists and mailed on receipt of price, 50c and $1.

FOR SALE—REAL ESTATE.

COLONY LANDS.

The Temecula

Land and Water Company

Are subdividing a tract of land situated in the celebrated

Temecula Valley, in San Diego County, California,

Recently owned by Don Juan Murrietta, containing fourteen thousand acres of land, having an altitude of about one thousand feet above the sea level. This tract of land lies about 45 miles southerly from Colton. The California Southern Railroad runs through the entire length of the tract. The soil in the valley is formed of sedimentary deposits. It is a rich, dark loam, without gravel or boulders, and can be easily tilled, as no clay or adobe soil appears, but is full of rich sediment, which holds the rainfall and prevents leaking or drying, so that when you come to cultivate you turn up moist earth. The superior value of this soil is its closely underlying supply of water, and when cultivated the moisture rises to the surface, doing away with the necessity of irrigation almost entirely, but in case of a dry season, if irrigation is thought to be necessary, an

Inexhaustible Supply of Water

Can be had by sinking from 2 to 10 feet. It is also in the artesian belt and artesian water can be easily obtained. The mesa is formed of undulating lands of reddish-colored soil mixed with decomposed granite on the surface, with enough mixture of clay in the subsoil to hold the moisture. There is a

Fine Running Stream of Water

With several branches running through the rancho. Also several hot and warm springs, noted for their cure of pulmonary diseases. These springs will be improved immediately and the Company design building a hotel and railroad depot on the townsite. Both buildings will be handsomely ornamented. The hotel will be built two stories high and contain thirty rooms.

The Directors of the Presbyterian College of Chicago, design putting a college building on the ground as soon as practicable. There is plenty of good oak wood which can be had delivered at the rancho at from $4 to $4.50 per cord, and common lumber can be delivered at $25 per thousand.

The climate is healthy. The rancho is not more than 15 miles from the sea coast and the ocean breeze fans the valley, purifying the atmosphere with invigorating effect. In the day time the air is soft and dry and always mild, a little cooler at night, but never more than being comfortable.

As a health resort, none in Southern California can surpass in natural advantages this beautiful district of land, with its warm springs of mineral water containing sulphur, iron and soda, its proper elevation above the sea, pure, dry and gentle air, with beautiful scenery all around, can but confirm the assertion that as a health resort it cannot be excelled, especially for catarrh, throat and lung diseases.

It is the intention of the Company, as soon as the land is subdivided, to sell in tracts from a town lot upward at prices that cannot but satisfy actual settlers. The prices will be classified according to the merits of the property. One-third down, balance in one and two years.

The land is suited for all kinds of deciduous fruits and also superior for the Orange, Lemon and Lime.

These lands will be sold on easy terms. And we are sure that any one desiring a healthy location cannot do better than to locate on them.

Parties can go out on the train to within one mile and a half of the land where a good conveyance will be in readiness to drive over the land.

The Office of ROGERS, BYRAM & CO.

Is Headquarters for these Lands. We invite all desiring to make such investment to give us a call.

Personal Mention.

N. Vanderlip, of Tustin, was registered at the St. Charles yesterday.

Rev. Father Stuck, of San Francisco, is registered at the St. Charles.

Capt. Sam G. Thompson, of Wilmington, was in the city yesterday.

P. J. Shaffer and S. C. Britton, of Orange, are in the city and registered at the Grand Central.

Chas. Shaw, son-in-law of A. N. Towne, is stopping in the city and registered at the Depot Hotel.

John A. Wills, father of Dr. Wills, and family, from Pennsylvania, are registered at the St. Elmo.

M. Dawson, C. W. Humphreys, G. R. Humphreys and Horace H. Roper, of Santa Ana, were registered at the St. Charles Hotel yesterday.

Ellis Purple, a railroader from La Crosse, Wisconsin, came to this city a week ago, with the intention of remaining, and is delighted with the country.

Frank Miller, proprietor of the Long Beach Resort Hotel, and the Glenwood, of Riverside, came to this city with the Seigler excursion and returned by the evening train.

Mr. Herrman Ackerman, of San Bernardino, who is engaged in mining in Calico and also in water development in the Pacoyma Cañon, arrived in the city yesterday.

Capt. H. B. Hunt, of the firm of Moore, Hunt & Co., of San Francisco, returned to this city yesterday from a visit to Pomona and San Bernardino, and is registered at the St. Elmo.

Col. H. C. Hubbard, one of the great wheat growers of San Fernando, was in the city yesterday, on business of importance to himself and another one dearer than life to himself.

R. R. McLeod, Assistant Engineer of the Monterey Division of the Southern Pacific Railroad Company, who has spent some two weeks in Southern California, returned to San Francisco yesterday.

G. W. Durbrow, of San Francisco, is registered at the Depot Hotel, on his way to Salton, to superintend the construction of the new salt works in the great Colorado desert, eight miles north of Dos Palms.

Frank Fete, a merchant for twelve years at Canton, Ohio, and a gentleman of considerable means, will start for this city on the first of January, to engage in the mercantile business and make this city his future home.

C. V. Thompson, Agent of the R. W. and O. Railway Company, with his brother. Fred. W. Thompson, Traveling Agent of the C. R. I. and P. Railway, are visiting Southern California, and registered at the St. Elmo.

Mr. A. A. Bermudez, of Bequett & Bermudez, proprietors of the Los Nietos Nursery, left us yesterday for the City of New Orleans, the place of his birth, on a visit to his aged mother, whom he left nine years ago, and to take in the Exposition. He will remain away about two months.

Mr. Robert McPherson, the well-known raisin maker, of Orange, was in the city yesterday on business. He was the defeated candidate for Supervisor, on the Republican ticket, and states that his only desire for the office was to endeavor to assist by law in the extirpation of the cottony cushion scale bug, and also the red scale. He hopes that his friend Mr. Ross, the successful candidate, will do all and more than he could have done in this important matter.

J. M. Ward.

At the Bush Street Theatre, the two weeks' engagement of Mr. James M. Ward and his dramatic company will terminate to-night, when "Ishavogue" will receive the fourth and last representation, the occasion being the benefit to Mr. Charles P. Hall, specially noticed elsewhere. In "Arrah-na-Pogue" and "Ishavogue" there has been some good work done, not only by Mr. Ward, whose talent as a personator of the typical Irishman is widely recognized, but by other people in the company, among whom, of course must be mentioned Carrie Clarke-Ward, and the thoroughly trained actress, Miss Fanny Young, whose pretty daughter, Miss Minnie Young, inherits much of her manner and has doubtless profited by her instruction.—[Alta California.

Steamer Passengers.

The following passengers left for San Diego on Sunday, per steamer Santa Rosa: A Talbert, E Talbert, Mrs J Love, Max Getz, George E Millar, Dr H O White and son, Mrs D D White, Miss Lulu Campbell, Henry Elken, George Richfield, Col Perrie Kewen, L C Holloway, F Hertzog, H Stebbins, John Schmidt, M Schmidt, H Reneke, A Delacasa, B Gerat, G Leoni, H Dinkelspiel, John Petty, W Mack, J H Allen, wife and daughter, Mrs E Graham and daughter, Mrs P M Hutchins, Mrs E N Sullivan, Miss L C Sullivan, A Honingsberger, Joe Mandall, Dr H O Warner and wife, Mrs E Cobb, H Gundelfinger, Alfred James, and seven in the steerage.

Proposed Improvements.

Some days since it was stated in the HERALD that a substantial brick addition had been made to the east side of the Pioneer Stables on Requena street, for the reception of all kinds of vehicles. This has proved to be so valuable, affording protection from heat or cold, that the proprietors propose to change the whole large structure, stables and all, in the spring, to an immense brick building instead of the present spacious building of wood. This will be an ornament to the street.

Passengers Due From the East To-Day.

The following is the list of passengers from the East, via the Southern route, to arrive in Los Angeles at 12:20 P. M. to-day, specially telegraphed to the HERALD from Casa Grande, Arizona:

Mrs L L Ashe, Miss Ashe, W B Rinehard, San Francisco; Mr and Mrs Gilman P Smith, Bangor, Me; Mrs D W Brown, N Y; T D Barnum, Buffalo N Y; F Winslayelter, Mazatlan, Mex; J Gibney, Quijotoa; J Hein, Los Angeles; R B Hays, Tucson; J Ellis, Wilcox.

Democratic City Convention.

A call appears in another column for a meeting of the Democratic voters of this city to meet in the Democratic club rooms of each ward this Tuesday evening to elect delegates to the city convention to be held in Turnverein Hall Wednesday afternoon at 2 o'clock, and to nominate Councilmen in the various wards. The delegates to be elected will consist of 11 from the First Ward, 15 from the Second, 15 from the Third, 7 from the Fourth and 6 from the Fifth.

Kit Joy Sentenced.

An Thursday, the 20th inst., Kit Joy, the Captain of the Gage train robbers, was tried in Sierra county, New Mexico, and sentenced to imprisonment for life. This desperado, Kit Joy, has a wild, weird history, and would serve as a good subject for the hero of a border novel. He is the last member of a gang of robbers who have made themselves dreaded in New Mexico, and the people breath easier since he is disposed of.

A Distinguished Party.

The Mexican and South American Commission, traveling in a special car, will arrive here with to-day's train from San Francisco, on their way to the City of Mexico. Much to their regret, they will be unable to stop over in Los Angeles. At a special meeting of the Board of Directors of the Board of Trade, held yesterday, three of the Directors and a deputation of our leading citizens were appointed to meet the gentlemen composing the Commission, on their arrival this afternoon.

Water Locations.

George A. Schasen and Vergent Wyrick yesterday filed claim to water in the north fork of the Cañada canon, situated in S. W ¼ Sec. 30, Tp. 3 N., R. 16 W., S. B. M., said water to be used for irrigation and domestic purposes.

The same parties also claim the water from a spring situated in S. W. ¼ Sec. 30, Tp. 3 N., R. 16 W., S. B. M., said water to be used for domestic and stock purposes.

U. R. K. P.

The HERALD acknowledges the receipt of an invitation to the first annual ball of the Magnolia Division No. 21, Uniform Rank, Knights of Pythias, to be given at Turnverein Hall to-morrow, Wednesday evening. There will be a drill in uniform at 9 P. M., and a grand time enjoyed by all.

A New Stationery Establishment

Messrs Olmstead & Wales come to the front in the HERALD this morning and announce their card as stationers and booksellers at No. 19 West First street, Widney Block. This firm will be supplied with beautiful holiday goods and standard books of every kind, which they sell at lowest rates.

The O. W. Childs Tract.

The subscription books to the 200 lots in the O. W. Childs tract do not open until to morrow, but several names have already been sent in to the agency at the Diamond House. Among others is that of President Hellman, of the Farmers' and Merchants' Bank.

Arrival of Winter Clothing.

Mr. W. B. Abernethy, of the firm of Abernethy & Co., has just returned from San Francisco, where he has secured an immense stock of winter clothing, which the firm advertises for sale in another column of the HERALD.

Bonds Filed.

Yesterday the following officers-elect filed bonds: George M. Smith, Justice of the Peace; W. S. Wilson, Justice of the Peace; Thomas H. Thompson, Constable; W. L. Borden, Constable; D. C. Wilson, Constable; Fred C. Smythe, Constable

THE REPUBLICANS.

They Meet and Nominate City Officers.

This Convention for the nomination of city officers met last evening in Armory Hall. Henry T. Payne, Chairman of the City Committee, called the Convention to order at 7 o'clock and requested Secretary A. N. Hamilton to read the call for the primary election and the names of delegates elected as published in Sunday's HERALD.

W. C. Furrey then placed Colonel H. H. Boyce in nomination for Chairman of the Convention, who was elected by acclamation.

Colonel Boyce took the chair, when R. D. Wade and Ed. W. McCarty were chosen Secretaries.

On motion a committee or five, one from each ward, was appointed a committee on credentials and order of business, consisting of Oscar Macy, E. T. Wright, Dr. Walter Lindley, M. Aguirre and W. S. Moore.

The committee reported the followig list of delegates:

First Ward—P. M. Darcy, Martin Wetzel, T. A. Garey, J. M. Damron, E. L. Mosher, proxy for S. Hutton, Julian Valdez, Oscar Macey, D. W. C. Franklin, R. N. C. Wilson, and Juan B. Sanchez.

Second Ward—Cy Lyons, C. C. Cheesbrough, Joseph Manning, R. D. Wade, G. P. McLain, H. Hutton, J. C. Judson, Aaron Smith, L. S. Jacobs, L. Bixby, A. Merriman, G. H. Bonebrake proxy E. Bouton, E. D. Wright, Theo Summerland and A. G. Mappa.

Third Ward—Jotham Bixby, J. H. Book, F. J. Gilmore, J. Koster, H. H. Boyce, W. C. Furrey, Ed McCarthy, A. L. Barth, J. H. Jones proxy J. H. Gwinn, E. W. Jones, J. Burns, John Mansfield, O. C. Baldy, Walter Lindley, W. G. Cochran proxy for J. Burns.

Fourth Ward—J. W. Wolfskill, M. Aguirre, A. O. Adams, S. Kutz, Wm. Maxey proxy for Henry J. Husman, F. Dohs proxy for Theo Cobler, J. D. Gilchrist.

Fifth Ward—J. S. Dows, J. M. Stewart, S. Hutton, Geo. Compere, W. S. Moore and W. Montague.

The first in order of business being the nomination of Mayor, E. F. Spence was placed in nomination by Col. Walter S. Moore in a very handsome speech. Oscar Macy placed in nomination Dr. L. W. French. Mr. Spence then came forward and made a short speech that electrified the convention and received the nomination by a vote of 35 to 15. Mr. Spence, in response to vociferous calls, again took the rostrum, and kindly thanked the convention, telling them if elected he would not be a Republican Mayor, but would give the office all the time necessary, and said it would be the pride of his life to preside as Mayor of this city.

The next in order being the nomination of City Attorney, J. W. McKinley was nominated without a competitor. Mr. McKinley made a speech thanking the convention and assuring the success of the ticket.

Next in order being the nomination of Tax Collector, Henry T. Payne and Henry Dockweiler were placed in nomination, when Payne was declared the nominee by a small plurality. A second ballot on this nomination was found necessary as too many ballots were found in the hat for the number of delegates. The inference was that there must be some delegate of Democratic antecedents, as no good pure Republican would do such a thing.

Then came the nomination of City Treasurer. George H. Pike and Al Cobler were placed in nomination. A ballot resulted in the nomination of Mr. Cobler for that responsible position by a majority of two.

Col. W. S. Moore then placed Mr. John Fischer, the present incumbent, in nomination for City Assessor, who was nominated by acclamation. Col. Moore was then nominated as Chairman of the City Committee. Next being the nomination of members of the Board of Education, Frank Gibson was nominated for the unexpired term, T. A. Garey and R. D. Wade receiving the nomination for the long terms.

J. D. Gilchrist then offered a resolution of retrenchment and one per cent. taxes as a battle cry, which was passed without debate to get the thing out of the way.

The following Councilmen were then nominated: First Ward, James Velsir; Second Ward, George H. Bonebrake and G. A. Dobinson; Third Ward, Albert Brown; Fifth Ward, H. Sinsabaugh. In the Fourth Ward the delegates asked until to-morrow night to report the nomination of a Councilman to the Central Committee.

The following gentlemen were chosen as members of the City Committee: First Ward, P. M. Darcy; Second Ward, Aaron Smith; Third Ward, Major Furrey; Fourth Ward, M. Aguirre; Fifth Ward, Sutherland Hutton.

The receipts of the evening amounted to $70. The City Committee was instructed to collect $5 each from the successful nominees for Councilmen. The convention then adjourned.

Passengers Arrived.

The following passengers arrived by the Southern Overland yesterday: Miss M Dillon, Leadville, Col; Mrs A J Robinson, Providence, R I; Mrs Lawrence, Tucson; P Robertson, San Francisco; Mrs M M Crawford, East Tennessee; A J Robinson, Rhode Island; Geo R Morgan, New York; J S Carroll, San Francisco; Geo Haward, Los Angeles; A M Sharp, Hamilton, Canada; Mrs Jeffery and Son, Tombstone.

The following passengers were by the Sigler Excursion, in charge of W. A. Naud's Warehouse.

A visit to the Naud Warehouse yesterday developed the fact the people of this city are not entirely without breadstuffs. That capacious building, measuring 300x400 feet, a portion of which is two stories high, was pretty well filled. Among the contents was noticed half a million pounds of graded wool now being shipped to the east by the southern route. There was also found 25,000 bags of wheat, 80,000 bags of barley, several car loads of walnuts and a vast quantity of peanuts, peppers, corn, beans and dried fruits. This year's wine crop has not been moved into the warehouse yet, but there will be a goodly lot in store as soon as it is ready to put in cask. There are several thousand tons of merchandise, agricultural machinery, household goods and consignments from all parts of the world. There are two car loads of merchandise in the warehouse unloading at present. The new two-story addition to this warehouse, 33x200 feet, will be devoted exclusively to the storage of wine.

A Pleasant Testimonial.

At the last meeting of the Directors of the First National Bank of Los Angeles, at which Mr. Wm. Lacy tendered his resignation as Cashier, for the purpose of attending personally to his own mercantile interests, the following resolution was unanimously adopted and ordered spread upon the minutes of the Association.

Resolved, That while we accept the resignation of Mr. Lacy as Cashier of this Bank, we do so with great regret, as he has been so intimately, pleasantly and successfully connected with it since its organization; and as Mr. Lacy is entering upon a mercantile life, we hope that his career may be as profitable, successful and honorable in the future as it has been in the past.

(Signed) E. F. SPENCE, President.
J. M. ELLIOTT, Cashier.

A Fine Exhibit.

The Santa Ana *Herald* of the 22d says: A log cut from a blue gum tree, on Mr. H. H. Roper's place, was sent to the New Orleans exposition on Tuesday. It was of seven years' growth, would weigh probably 500 pounds, and measured three feet through. It will give an idea how rapidly trees grow in this country.

Shipping News.

The British ship "Yarra Yarra" arrived at San Pedro yesterday from Newcastle, N. S. W. The "Yarra Yarra" is an iron ship of 1,242 tons register. She brings a cargo of 1,800 tons of coal. Consignees, Meyer, Wilson & Co., San Francisco.

G. A. Von Brandis, agent for the Colombia and Ideal Bicycles at No. 44 South Spring street, has lately got out a fine lot of Ideal bicycles that make fine holiday presents for boys. See his ad. in another column.

LETTER FROM RINCON.

The Recent County Election—Rejoicing Over Cleveland—A Barbecue in Prospect—A Rip Van Winkle Neighborhood—The old Stage Road—An Era of Bridge Building—A Country of Greybeards—Personal History.

EDITOR HERALD: The election excitement is over, and San Bernardino county has subsided into its wonted calm. The result was a surprise to both parties, the Democrats hardly realizing their defeat and the Republicans almost doubting their success. The new-comers gave the Republicans their majority, though the ticket was a weak one. However, the Democracy are jubilant over a national triumph, before which local issues become insignificant, and the unterrified will celebrate it in a few days with an old-fashioned barbecue. After twenty-four years traveling through the wilderness they see the promised land, and will not fail in the general rejoicing.

Rincon, though one of the oldest places in San Bernardino, is not the best known by any means. It was so named by the early Spaniards because here the hills form a corner, terminating in a narrow gorge, through which the Santa Ana River discharges its waters on the plains below. The volume of water this year is very great, a large surplus going to waste, irrigators having no use for it. Were there sufficient reservoirs provided, this waste might be avoided, and an abundant supply stored for a dry season; but, as the irrigation system is yet in its infancy, it is hoped that its future enlargement may render the whole country independent of droughts.

This neighborhood, though having been in a Rip Van Winkle state for years, has had quite a history during the old stage times. From where I write I can see the traces of the old Butterfield stage road, and from ancient residents I hear many interesting reminiscences of the period when the Pony Express made almost railroad time from the Missouri River to the Pacific Ocean. Now its glory has departed, or remains only in the traditions of the oldest inhabitants; the stations have decayed, and the road has almost been obliterated by time. The era of stage and mule has gone, its successor being the tri-weekly mail wagon from Pomona, thirteen miles distant. It is a sad commentary on this age of telegraph and railroad that the Presidential result reached Rincon as quickly in 1864 and 1868 as it did in 1884. However, the people in this little corner of San Bernardino county are determined to keep their advantages before the country, so that they will soon be within daily reach of telegraph and mails. A bridge across the Santa Ana River is almost completed by the San Francisco Bridge Company, being the last of three built by them for San Bernardino county. Now that the county has commenced its era of bridge building, it is believed other structures will follow these, until all the county roads will have safe crossings.

The soil in this vicinity is rich and the whole country well watered. It seems well adapted to nearly all the products of Los Angeles county and I have seen the vine and fig tree vieing with the commoner products of the field, and all growing luxuriantly. The surrounding hills bear a strong resemblance to the oil regions around Newhall. They are mostly soft sandstone, with strata of carboniferous matter intermixed. Signs of mineral wealth are in every direction, but considerable of it being on grant land, very little has been done to develop it. The many advantages of this section have been overlooked by intending settlers, but by judicious advertising, it is hoped an enterprising population may be attracted here.

Speaking of old settlers, reminds me that nearly all the inhabitants are old settlers. This county is a paradise for greybeards. Such a proportion of old men is seldom seen even in the New England States. They are youthful old men and are still growing up with the country. Their stalwart condition is a healthful advertisement of the country, and a proof that the fountain of youth should have been sought near San Bernardino. Among the old men of this neighborhood is Señor Vicente Fernandez, aged 65, the father of 26 children, and as active yet as most men of 35. For over ten years he was superintendent of Cucamonga vineyard, and yet takes a great interest in viticulture, as his wine cellar, cut out of the sandstone rock in the hillside, will testify. A native of Chili, yet, as a naturalized citizen, he takes as much interest in our national affairs as the most intense American. His son-in-law, Mr. Barton Odair, is one of the pioneer miners of this county and has done much to develop several enterprises in which a number of your citizens are interested. I might add that Mr. Odair is a pioneer democrat and has waited until the political clouds rolled by so that he might name his youngest son Cleveland. Col. F M. Slaughter, formerly of your county, is a prominent citizen of Rincon, who exercises his usual Virginian hospitality and takes old pride in his blooded stock. His numerous friends in Los Angeles county will be glad to learn of his continued prosperity. Mr. E. H. Gates, the Supervisor from this district, is deservedly popular for his close attention to official duty and his personal worth. Mr. Daniel Cline is another octogenarian who seems to have renewed his youth and his son Henry, a boy of nearly sixty, bids fair to equal him in longevity. Mr. Sam Klinefelter, though only in this vicinity a short time, has made a host of friends by his enterprise and liberality, and his mansion is always open to his acquaintances. Señor Ramondo Yorba is one of the native Californians, one of the historical personages of the vicinity. He and his relatives at one time possessed a princely domain, but with the characteristic liberality of his race, much of it has been lost, but he still maintains all the politeness and hospitality of the old race on the competence left. There are other items making this region interesting to a stranger, but I will conclude a letter already quite long.

THE ARROWHEAD HOT SPRINGS

An Angeleno Discourses of Their Superlative Merits.

EDITOR HERALD; Knowing what an interest and pride you take in heralding the attractions of Southern California, I desire to state what I have found in the foothills six miles north of San Bernardino. It is nothing less than the comfortable and pleasant sanitarium now established at Arrowhead Springs, where nature had hitherto done so much and man so little. The elevation is two thousand feet above sea level, displaying a beautiful landscape; to the south and west the fertile San Bernardino valley and town, Riverside and the ranges beyond. The mountain air is balmy and delightful, the temperature now a little warmer and much more delightful than in your city, for we are above the fog. Of water there is almost every variety, except that none of the sulphur water is of that kind which is accurately but inelegantly described as being of "the rotten egg genus." Some of the springs contain iron alone. The temperature of the waters is of almost every degree from icy coldness to 210 degrees Fahr.

This is the only hotel of which I have any knowledge heated by water from hot springs, nor do they use the very hot water, choosing rather water of lower temperature, such as they run into the kitchen to wash the dishes with, for no water is heated artificially here for such a purpose.

But to me the strangest of all is the mud bath. After undressing in a comfortable room, you, in the costume that Adam before the fall wore in Eden, are conducted into a long room wherein are grave looking excavations ten inches deep the length and breadth of a man, nicely cushioned with soft looking black mud with the odor of sulphur. Cotton was put into my ears and I stepped into my lowly bed, which proved of delightful temperature and as soft as eider down, but unlike the feathers this finds its level, even to gliding over you. The attendant then draws over you until you are covered, if desired, except as to eyes, nose and mouth, yet hotter mud, heated by water from nature's own cauldrons. This now is pleasant, and we recognize that it is from ignorance that we so often quote as condemning "the sow that was washed for returning to her wallowing in the mire," and that Peter made a still worse mistake and did a great injustice in claiming authority from Solomon for his own reflection on the sow. Solomon would have reflected on the fool who washed her.

I felt perfectly contented in this warm mud, and soon detected electric currents coursing through me. I experimented some by moving my position and breaking the current. This mud in its tenacity, its sulphur, its absorbent and electric qualities combined, is something unique on this continent so far as I can learn. Having been incased in this peculiar form of mother earth from thirty to sixty minutes, as your strength and experience allows, you are partly disinterred and then "assisted to rise," covered with as rich a coat of black mud as any hog can sport, shining with the perspiration which has been flowing freely. If you do not believe in the equality of man, your opinion might be influenced as you observe them come out of this bath. A few steps beyond your grave you enter a plunge bath of warm water. These baths are in tanks constantly supplied with fresh water flowing from nature's cauldron as above. Here as if by magic the mud melts off and your skin appears so soft and fair that you are almost made vain by the contrast. From the tank you step under a shower bath tempered to suit the bather, but it should end with a cold shower to close the pores, else perspiration may continue and cold be taken.

But I am staying too long in the bath and must hurry on. The two-story hotel is a good building, constructed for comfort, with verandas on every side, above and below. The house is well furnished, leaving nothing unprovided. The fare is excellent. The proprietors, Messrs. Darby and Lyman, and each member of their respective families, seem to vie with each other in supplying the wants of their guests. The place is quiet and suited for invalids. The "three burros" of my friend Mr. Mueller, impressed with the quiet of the surroundings, or bemoaning his absence, have not brayed for a week.

Yours truly, W.

Card of Thanks.

Late Saturday evening, the little Catholic orphan girls of our city, when just about to partake of their evening meal, were honored in their dining room by a visit from the heroes of the day, Messrs. McMenomy and Nittinger, who presented them the handsome sum of $177.60, the proceeds of the afternoon's enjoyable fete. Heroes, indeed, these good gentlemen seemed to the little ones, who expressed their thanks in looks rather than words; but now through the medium of the press, they sincerely thank these good gentlemen for their kind and substantial remembrance of them, and fondly hope they may live to enjoy many recurring political campaigns.

SISTERS OF CHARITY,
On behalf of the little orphans.

A Democratic Way of Accounting for It.

EDITOR HERALD: Let me call your attention to a very amusing thing. It is the innocent ignorance or ignorant innocence with which the Republican people and press attempt to explain their chagrin and discomfiture at the result of the national election upon some other ground than that simply of defeat. Thus, one of your contemporaries of the "Coast," "assuming that every idea, every measure and every circumstance that has tended to the material prosperity and advancement of our country as a whole, in the last quarter of a century, has emanated from them as a party, and was planned, executed or taken advantage of by them, and in spite of bitter enmity and unceasing opposition by these same Democrats who have now proved their downfall, says: "It is not simply defeat, it is not the prospect of the loss of a few thousand of paltry federal offices, but it is the 'sense of reversion,' the feeling that the power to do good has passed from them and into the hands of a party which is the sworn foe of the policy of the last twenty-five years, and the fear that all this good work will now be undone. This is the key to their grief, this is the secret of their sorrow." Without pretending to doubt the sincerity of their party pride, though we might find some fault with the base upon which they rest it, and without calling in question their patriotism or their ready willingness to surrender the offices (mixed, no doubt, in some few instances with a faint regret that their accounts are now subject to a new inspection), there are some of us who fail to see the logic of their conclusions. They are like the children spoken of by a wise man of old, and referred to as "sitting in the market-place" and complaining. They are like a man who has enjoyed good health for so long that when illness finally overtakes him, he cannot understand it and feels bound to account for it upon some other basis than that of mere bodily ailment. Reversion, indeed! Where was their 'sense of reversion' in 1876, when an immense plurality of the popular vote and a fair majority of the Electoral College was cheated and thwarted of its will by the contrivance of this same party? Where has it ever made itself felt among them so long as by pretense or blustering assurance they have been able to carry their points? Reversion! It does not strike us in that light. We do not call it "reversion," but "restoration." The sceptre is again in its rightful place and the lawgiver is once more between the feet of the party which, politically, is the lineal descendant and in direct line the natural heir of the government and of those who founded it. As we view it, this triumph of the great Independent party, in union with the Democracy, is a sign of the times—a herald of the dawn of a better day for our country. We do not wonder at the inability of our Republican friends to see it in their light, for we attribute their blindness to the delusive effect of the political heresies they have been taught so long. We know what ails them—they are beaten. It is defeat, pure and simple. We can only feel sorry for them and express a hope that when they have endured it for twenty five years (and they will probably have a longer time in which to become accustomed to it) they will not have to tax their ingenuity so far to account for their mortification. With a smile and a sigh for their sad plight and a good wish for you and the HERALD, I have the honor to subscribe myself,

FULLER MAXWELL.

A San Gabriel Granger's Theory of Gunning.

EDITOR HERALD:—"Shooting" seems to be still very good in and around the corner of Bush and Kearney streets; although I thought this place was pretty well "shot out" long ago. It occurs to me that the best "ground" for this kind of sport now is down on Market, corner of Dupont and O'Farrell streets, "where the woods are full of them."

I have been each day expecting to read the announcement that Mr. Hearst (Uncle George) having procured an elephant gun and two old time bell-mouthed Missouri goose guns with which one pound of powder and a full bag of shot can be conveniently used at each charge without producing any appreciable recoil when discharged, and thus equipped, had invited Governor Stoneman to go "a hunting" with him.

Of course the elephant gun could only be used safely on Van Ness avenue, where there is room to handle this weapon; the goose guns being "turned loose" on Market street first and when that field was completely exhausted and the city generally attended to, then they could turn their attention to Alameda county. "Great guns" what a magnificent chance for sport! Then after a hurried trip to Napa, where great care would have to be observed to prevent mistakes and the shooting of some domestic animal, and finally wind up here in Los Angeles county. I believe they would find their hands full here for several weeks, even if they commenced early in the morning and shot until night.

Of course all the game bagged should be carefully stuffed and "set up" or preserved in alcohol and sent to the Academy of Sciences for safe keeping. There would possibly be some difficulty experienced in attaching the proper labels to the specimens; but no doubt some men could be found well up in the natural sciences who could do this work without blundering.

Yours in haste,
J. DE BARTH SHORB.

P. S.—When men intend to kill editors they shoot at, they should always use silver bullets; ordinary bird shot will do for lawyers.

Another Sudden Death.

Mr. Chas. H. King, an invalid from New York City, arrived here about two months ago, suffering at times from hemorrhage of the lungs. Last evening he went with a friend to the Club Theater, and about ten o'clock requested him to help him to a glass of ice water, a he was experiencing a hemorrhage. His friend took him to the vestibule for the water, when he took some medicine that he carried to arrest hemorrhages, but it was too late. The flow of blood from the lungs burst forth copiously and he sunk to the floor and expired almost instantaneously. Coroner Nadeau was called to investigate the matter and established the facts as above stated. The deceased was about twenty-nine years of age, with no known relatives in this State. His remains were taken in charge by Messrs. Ponet and Orr to await orders from his relatives.

WIDNEY—In this city, November 24th, 1884, Joseph Wilson, son of Judge and Mrs. R. M. Widney, aged 5 years and 8 months.

Funeral from the family residence, 310 South Olive street, at 10 o'clock A. M. Wednesday, Nov. 26th. Friends of the family are respectfully invited to attend.

Express copy.

A Startling Discovery.

Physicians are often startled by remarkable discoveries. The fact that Dr. King's New Discovery for Consumption and all Throat and Lung diseases is daily curing patients that they have given up to die, is startling them to realize their sense of duty and examine into the merits of this wonderful discovery; resulting in hundreds of our best physicians using it in their practice. Trial Bottles free at C. F. Heinzeman's Drug Store. Regular size $1.00.

Preferred Specials.

The best and cheapest cologne in town is Seaside Cologne. Try it.

"Mother Cary's Salve"

Will heal all inflammation without pain to the sufferer. It is soothing and cooling, pleasant to the smell, does not draw like other salves. For sale by C. F. Heinzeman, sole agent. Price 25 cents.

Notice to Sportsmen.

Your attention is called to the finest lot of hammerless guns ever brought to this State, ranging in price from $80 to $200. Also the finest hammerless patent Fry Sial indicator ever shown in this State for $300. I also have guns guaranteed for modern prices. All who wish to purchase guns and sporting goods should call and examine our stock before purchasing elsewhere.

H. SLOTTERBECK,
Temple Block, opposite U. S. Hotel.

Fine Presents.

W. F. Ball is now in receipt of the following fine presents: One pair Le Mair opera glasses, Oriental pearl, three combination meerschaum sets, "Tans'll Punch Junior," one cigar case, one brier pipe, in case, and five copies "Sketches from Texas Siftings;" also a lot of "Tansill Punch" watch charms, which he gives away to the smokers of the "Tansill Punch" 5 cent cigar. Postoffice Cigar Store.

Holiday Goods.

It will repay any one to take the trouble of visiting the drug store of Dr. McDonell in the Rose Block, where he has just opened the largest line of imported holiday goods ever brought to Los Angeles. A cordial invitation is given to all to call and examine this stock. He will take great pleasure in showing them to any one. Take a look at the one dollar window.

Holiday Goods.

W. W. & S. A. Widney are receiving the largest stock of holiday goods ever brought to Los Angeles. They will be ready for inspection in a few days. Nov.21-tf.

New Patent Rubber Boots.

Having just received something entirely new in rubber boots, particularly adapted to the use of miners or sportsmen, and entirely removing former objections to them, by a new patent, which prevents overheating and blistering the feet, I would call particular attention to them. By a system of air tubes which force fresh air to, and ventilates, the foot is kept cool and dry, and by the use of pure rubber they are superior to anything of the kind ever brought to this State. Call and see them and not go round growling with blistered feet and cursing your old gum boots.

Syrup of Figs

Is the best and most pleasant of all purgatives. It cleanses the system, purifies the blood, cures billiousness and constipation, dyspepia, headaches, colds, fever, etc. Our enterprising druggist, C. F. Heinzeman is selling it rapidly, and it gives satisfaction to everyone.

Ladies who are troubled with cramps and nervousness should drink Damiana Bitters. 'Tis pleasant to take.

Important to Consumptives.

The people of Australia and of the State of California have been astonished at the wonderful curative power of Eucalyptus, or gum tree leaves, for all throat and lung diseases. A preparation called the "Gum Tree Cough Syrup," has rapidly sold all over our State, and is the only cure for a cold, whooping cough, bronchitis, etc., that will not make you sick at the stomach in taking. Relieves violent coughing; soothing to fever and all irritation. C. F. Heinzeman, sole agent, Los Angeles.

The hair is frequently rendered prematurely gray by care, grief, delicate health, lowness of spirits or a depressed tone of the vital powers. The use of Hall's Vegetable Sicilian Hair Renewer, will restore its youthful color and beauty.

Damiana Bitters regulates the stomach. Michel Levy & Co., wholesale liquor dealers, agents.

CONSUMPTION

Bronchitis. Consumption.

And all the various diseases of the Head, Throat and Chest, including the Eye, Ear and heart, specially treated by M. Hilton Williams, M. D.

Office, 275 North Main street, next the Diamond House, Los Angeles, California.

All diseases of the respiratory organs treated by the most improved medicated inhalations, thus bringing the remedies into direct contact with the diseased part. These are in all cases combined with proper constitutional remedies for the liver, stomach, nervous system and blood, etc.

In order to show the afflicted public how easily and quickly diseases of the respiratory organs can be cured in this favorable climate—which, if left to themselves, bring the sufferers to an early grave—we append the following letter from one of our former patients, an old resident of the Eastern States:

This is to certify that for several years I was afflicted with constitutional catarrh, which gradually grew worse until it finally reached my lungs. I was induced to come to Southern California, but finding no permanent relief I applied to Dr. M. Hilton Williams, who in just one month fully restored me to my former health. I now feel like a new man and have been at steady work upon my ranch for nearly two months and feel no effects from the disease whatever.

JOSEPH L. TRINKLE.

Spadra, Cal., Nov. 15, 1884.

Our Eastern friends who are afflicted with an actual disease of the respiratory organs should have positive medication and not depend upon climatic influences alone, as this is a fatal mistake which many make who come here in search of health.

CONSULTATION FREE. Those who desire to consult with me in regard to their cases or to location as to climate had better call at my office for consultation and examination, but if impossible to do so can write for a copy of my Medical Treatise, containing a list of questions. Address
